

Philipsburg School Permission to Participate

Student Extra-Curricular Activities

REPRESENTATION OF PHILIPSBURG SCHOOLS

Philipsburg students/athletes represent Philipsburg Schools. We expect our students to uphold the school's standards at all times. Any behavior that violates our code of conduct will be dealt with accordingly. This includes behavior on social media. Fighting or stealing will not be tolerated and may constitute forfeiture of participating in future athletic school events.

REQUIREMENTS

All students participating in activities will be expected to have all pre-season responsibilities taken care of prior to the start of practices for that activity. All paperwork should be turned in to the head coach before the start of the season. The student will not be allowed to practice or compete until all such paperwork is cleared and on file. This includes all necessary signatures.

The following must be completed and on file for the first practice:

1. Physical Form
2. Permission Form
3. Concussion Form
4. Pay to Play- \$25 activity fee per child for all sports.
5. Activity Passes- \$25 for grade 3-8 students, \$40 for grade 9-12 students, \$45 for adults (\$90 for family pass), and free for adults 55 (Must show ID) and over
6. Attendance at the pre-season meetings and sign off on training rules

ATHLETIC RULES

- All athletes will comply with the rules and regulations established by the MHSAA, the coach, the Administration, and the Board of Trustees.
- These rules and regulations (unless verbal) are published in the MHSAA handbook, the Board policy, Student Council constitution, Pep Club constitution, and listed on the athletic rules sheet. The students and coaches developed these rules.
- Each student is given a set of rules. These rules are attached to the permission-for-participation form. Before a student may participate in extracurricular sports, both the parent/guardian and the student must sign the form.
- All students, those eligible and those ineligible, who have signed up for the sport, or intend on participating in that sport must adhere to the rules established for that sport during that sport season. The season will commence on the day of the first practice and end on the day of the last scheduled event.
- All participants must have signed permission slips turned in before the first practice or they will not be allowed to practice or participate.

SUBSEQUENT VIOLATION:

- a. Upon any further violation, the student will be suspended from any extra-curricular events for the duration of that school year.
- b. The student will be required to attend MIP substance abuse classes at their own expense and provide proof to the athletic director or principal to be eligible for the next school year.

INFORMED CONSENT TO PARENTS AND STUDENT/ATHLETES

The parent and the student/athlete acknowledge that even with the best coaching, the use of the most advanced protective equipment and uniforms, and strict observations of the rules of the sport, injuries are still a possibility. And on rare occasions, these injuries can be so severe as to result in total disability, paralysis, or even loss of life. Parents and student athletes acknowledge by their signature that they have read and understand this warning.
